NOTICE OF INTENT
TO ADOPT A NEGATIVE DECLARATION

**Project Title: Design and Build a Treatment Plant for POTW Effluent
For Recycling and Recharging Fractured Bedrocks using Dual**

Filtration Technology

Project Location: Idyllwild, California

Lead Agency: Idyllwild Water District

County: Riverside

Notice is hereby given that Idyllwild Water District has completed a CEQA (California Environmental Quality Act) checklist of the above mentioned project located in Idyllwild, California. Maps showing the Project Site and its vicinity are available for review at the Water District's office.

This checklist was completed in accordance with the District's Guidelines implementing the California Environmental Quality Act. This checklist was undertaken for the purpose of deciding whether the project may have a significant effect on the environment. On the basis of such checklist, the District's staff has concluded that the project will not have a significant effect on the environment, and has therefore prepared a Draft Negative Declaration. The Checklist reflects the independent judgment of the District. The project site is not on a list compiled pursuant to government Code section 65962.5. Copies of the checklist and the Draft Negative Declaration are on file at the District's office, 25945 Idyllwild Road (State Highway 243), Idyllwild, CA 92549 and are available for public review. Comments will be received until September 15, 2010. Any person wishing to comment on this matter must submit such comments, in writing, to the District prior to this date. Comments of all responsible agencies are also requested.

At its meeting on September 21, 2010 at the Idyllwild Water District Office, the Board of Directors will consider the project and the Draft Negative Declaration. If the Board of Directors finds that the project will not have a significant effect on the environment, it may adopt the Negative Declaration. This means that the Board of Directors may proceed to consider the project without the preparation of an Environmental Impact Report.
