

AN ORDINANCE OF THE BOARD OF DIRECTORS
OF THE IDYLLWILD COUNTY WATER DISTRICT
AMENDING ORDINANCE NO. 6 BY AMENDING
SECTION 100 THEREOF AND ADDING SECTION
129 THERETO

BE IT ORDAINED BY THE BOARD OF DIRECTORS OF
THE IDYLLWILD COUNTY WATER DISTRICT AS FOLLOWS:

1. That Section 100 of Ordinance No. 6 is
amended to read as follows:

" 100. GENERAL. Where an extension of the
distribution mains is required to provide water service to the
applicant and the District elects to install an extension main
of greater size than required to serve such applicant, the
District shall pay for the oversizing but no other adjustment
of the cost of the installation of such extension shall be
made. Oversizing, however, shall only be considered to the
extent the District desires the same in excess of the District's
minimum pipeline size for the type and location of service
requested by the applicant.

When a distribution main extension is made
for and paid by an applicant and such distribution main ex-
tension shall be of benefit to another person or persons in the
future, such applicant may enter into a refund agreement with
the District. Such agreement shall provide for a refund
payment from extension main service charges collected by the
District for service connections to the main paid for by a
new applicant. Such refund shall be computed on the basis of
the actual cost to the person making the original main
extension per front foot benefited for which the main service
charge is collected. All such refund agreements shall

automatically terminate ten years from the date thereof and the District shall have no further obligation to make refund thereafter."

2. Section 129 is hereby added to Ordinance No. 6; said Section to read as follows:

" 129. TRANSMISSION MAIN EXTENSION. The subdivider at his cost shall provide for the transmission main extension from the District's existing facilities to the subdivision of the subdivider. To the extent that the District elects to oversize such main for its own purposes, then the District shall pay for the cost of such oversizing but no other adjustment of the cost of the installation shall be made."

Adopted this 24th day of November, 1970.
